Other (please specify)												

One partner suggests for ‘Two monthly table sheets evaluation’.

2 - Please specify briefly those aspects related to project information flow and communication among partners which were unsatisfactory so far, and how could they be improved:

A. Aspect:

One member opined the project aspect as ‘fine’.

One of our partners worried about less email communications between partners.

Coordinating centre reminds other partners about deadlines of different submission dates.

Improvement

One partner suggests to improve email communications the partners should use cc option of email facility.

Coordinating centre sent several email as reminder to get the evaluation sheets and salary sheets.
